Colt Fault Reporting Procedures

The Colt Help Desk provides 24-hour customer support, seven days a week. We are staffed with individuals ready to respond to all customer fault issues.

Should you discover a problem, the instructions below may be of help prior to calling the Help Desk:

- Ensure that all connections are properly made including any power connections.
- Ensure your internal wiring is OK.
- Ensure any non-Colt maintained equipment is working correctly.
- Record the status of any visible indicators on the Colt equipment the Fault Help Desk may ask for details.

The following information will assist in efficient diagnosis and resolution of the fault

- The Colt Circuit Reference Number / Order Number, found labelled at your point of Presentation or on your Completion of Service installation/Modification Document.
- The name and details of the person who will be the contact while we are diagnosing the fault and a contact with whom we can test the circuit.
- Details of the fault.
